GOVERNMENT ENTERPRISE SPECIFICATION

07 System Diagrams & Visual Flows

Master Visual Compendium (10+ Mermaid Diagrams) • GovPulse Technical Architecture Suite • Version 1.0 (Production)

Master Visual Diagrams & System Flows Compendium

Project: GovPulse Autonomous Digital Government Platform

This document serves as the master visual engineering reference, illustrating all structural boundaries, cryptographic protocols, state machines, and data synchronization flows.

Diagram 1: High-Level Enterprise System Topology

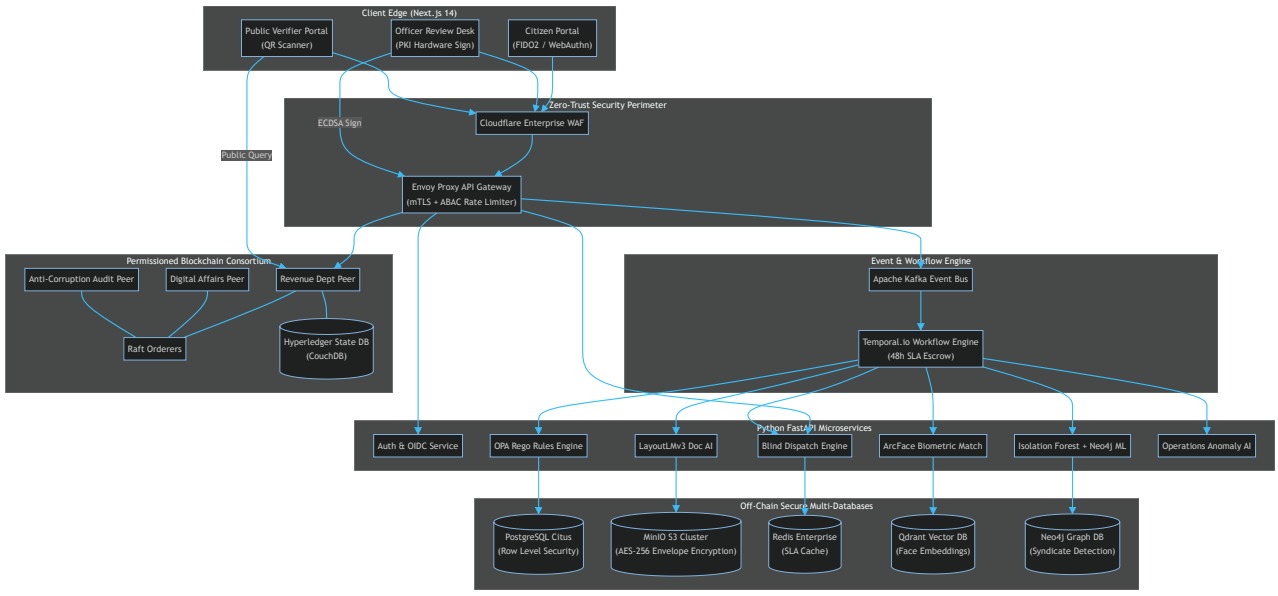

Diagram 2: Complete End-to-End Processing & Decision Flow

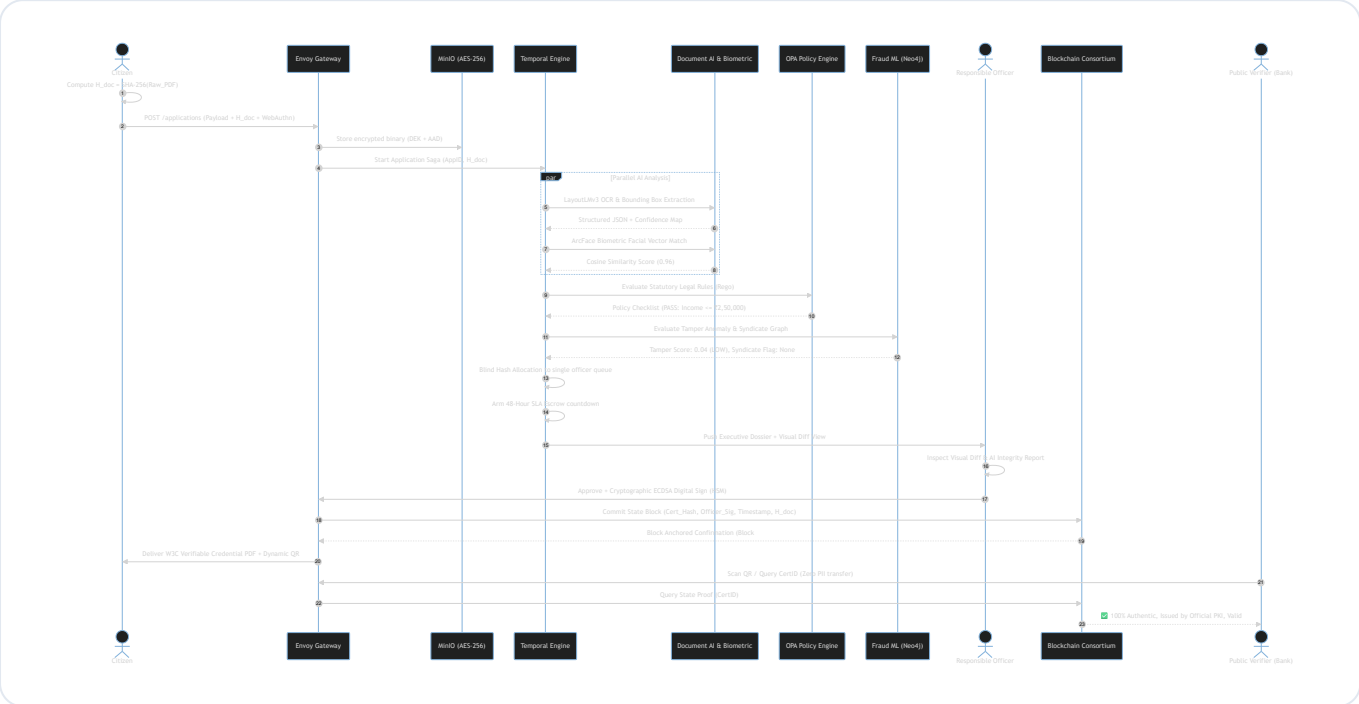

Diagram 3: Zero-Trust Security Boundary & Network Topology

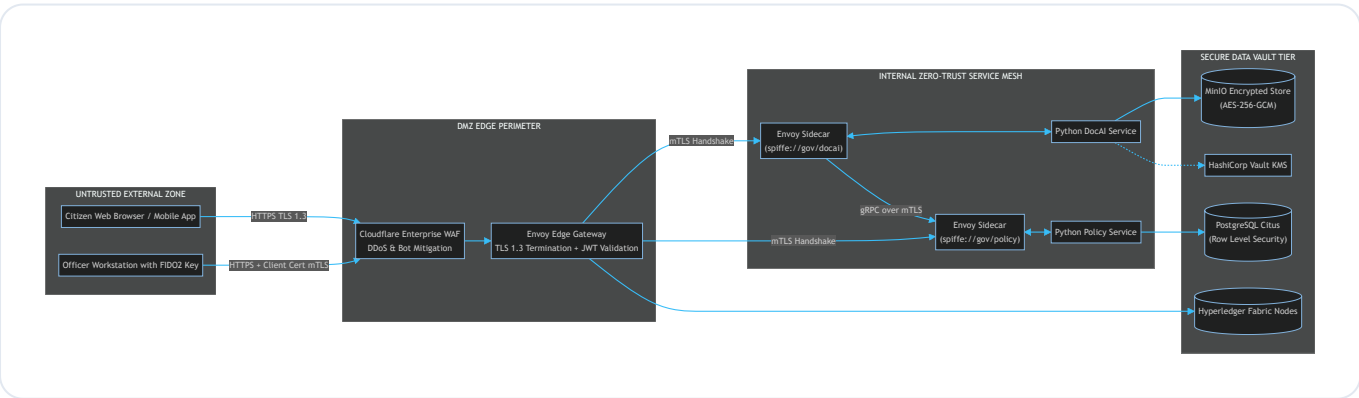

Diagram 4: Cryptographic Hashing & Merkle Anchoring

Pipeline

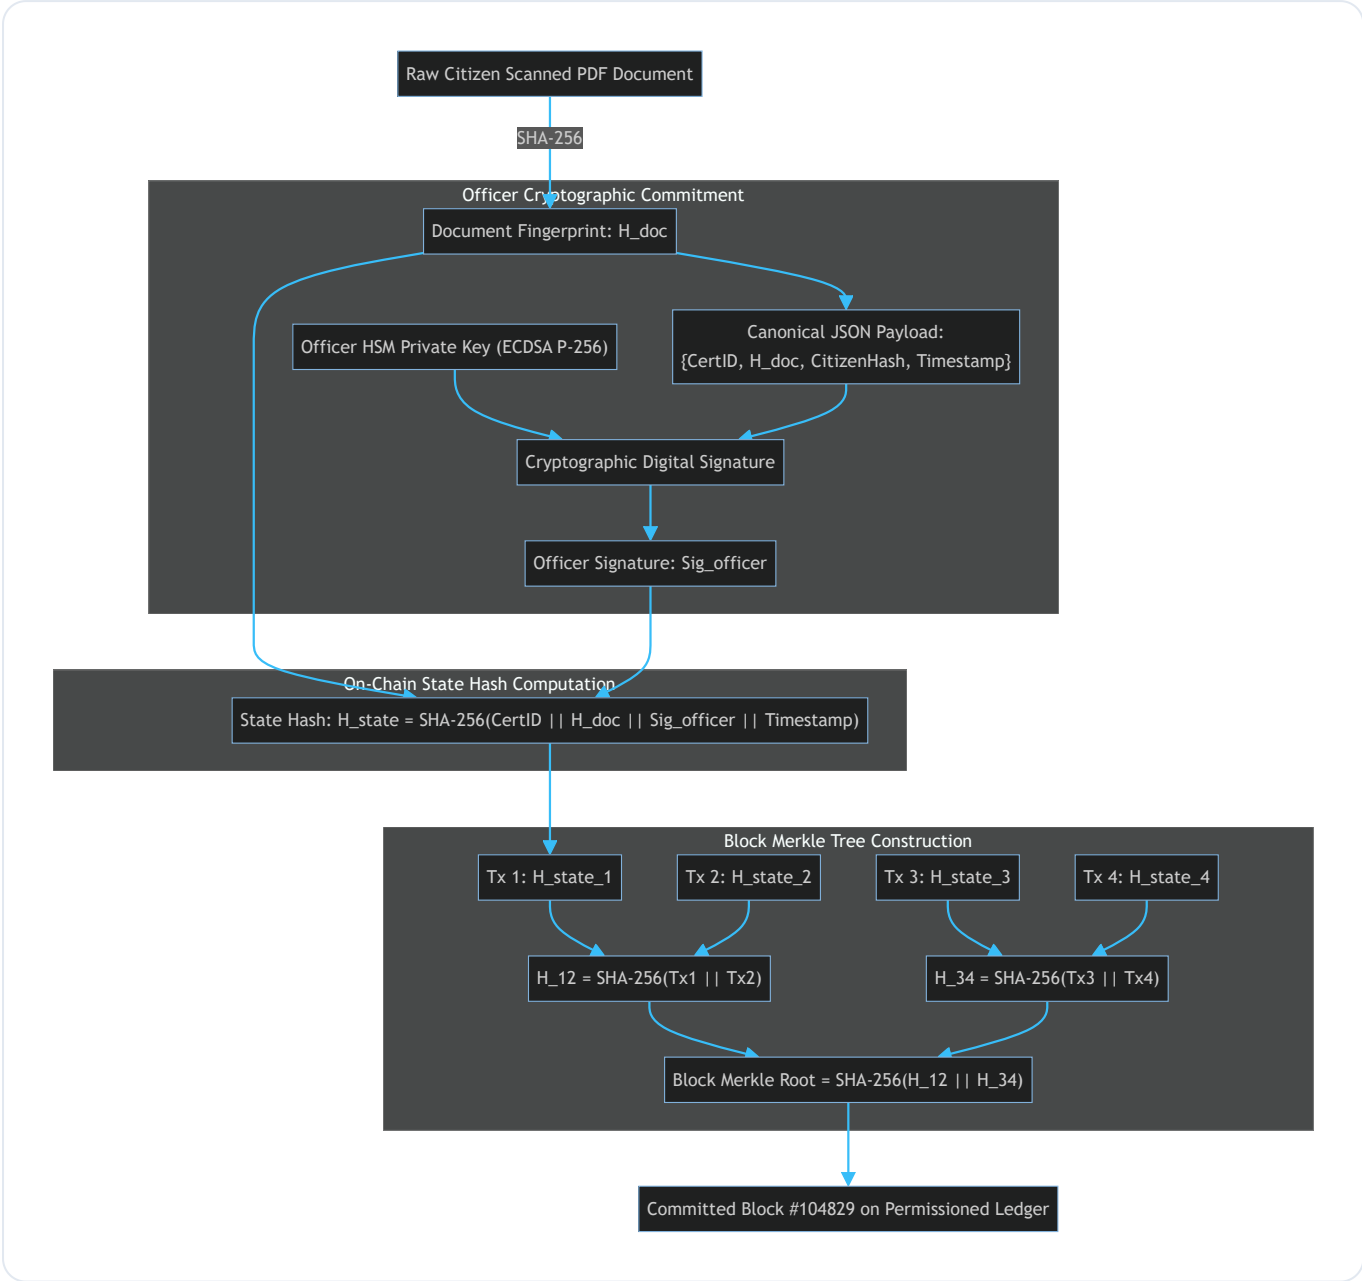

Diagram 5: Multi-Tier Database Interconnection Architecture

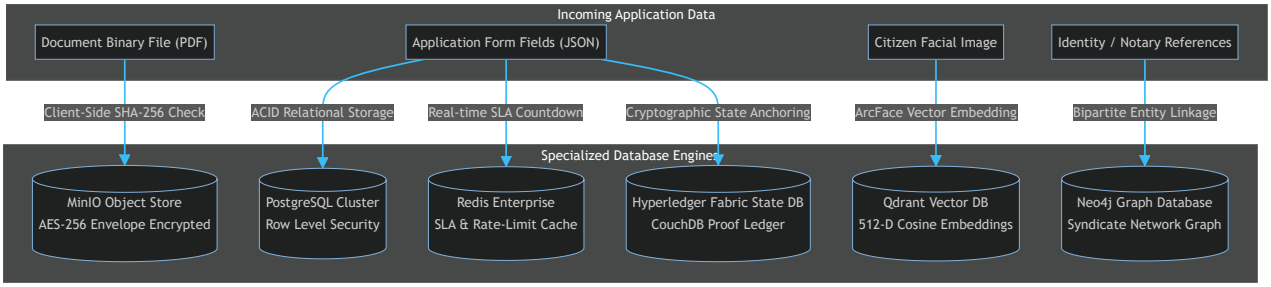

Diagram 6: 48-Hour SLA Escrow State Machine
